SERVICE & REPAIRS

SERVICE AND REPAIRS

We offer fully equipped workshops in which our staff can inspect and repair a comprehensive range of lifting and rigging gear.

A complete selection of spare parts for most items is kept in stock, enabling effective and efficient repairs to be made to the following items:

- Chain blocks
- Lever blocks
- Electric and manual winches
- Plate clamps
- Wire rope pullers
- Electric and pneumatic hoists

We recommend that our products be serviced or repaired at one of our fully equipped facilities.

All service work is carried out by fully trained and qualified technicians and tested to meet Australian Standard requirements.

Mobile onsite inspection and repair service also available.

INSPECTION, TESTING & CERTIFICATION

INSPECTION, TESTING & CERTIFICATION

Testing services: We offer a comprehensive testing service on all lifting and rigging equipment. Tests are performed in accordance with relevant Australian and International Standards, with test facilities of up to 100 tonnes available. We offer a complete testing and certification service across an unparalleled range of items.

We can develop and maintain your own equipment register. We also offer the fastest turnaround and the most competitive rates.

Inspection services: We offer a comprehensive onsite inspection service covering all lifting and rigging equipment. Inspections are conducted by our qualified inspectors and reports provided detailing current status of all equipment

Our qualified staff will program regular inspections to suit your requirements. Visual inspections of wire rope slings, chain slings, webbing and round slings and spreader bars can be performed on site as required.

CRANE & HOISTING MAINTENANCE

**WE PROVIDE SOLUTIONS
FOR ALL YOUR CRANE AND
HOISTING MAINTENANCE.**

**OUR COST EFFECTIVE
SOLUTIONS INCLUDE:**

- Onsite crane servicing
- Breakdown service
- Crane and hoist installation
- Jib cranes
- Gantry cranes
- Routine and annual inspections
- 10 and 25 year crane upgrades/ refurbishments
- Load testing

LIFTING EQUIPMENT INSTALLATION

**DESIGN, MANUFACTURE,
INSTALLATION AND
CERTIFICATION OF
STANDARD AND
CUSTOMISED LIFTING
EQUIPMENT.**

INSTALLATION OF:

- Post jib cranes and monorail beams
- Load bearing and height safety anchor points
- Manual, Electric and Pneumatic Hoists (including electrical work)
