Technical Data Sheet

# Web Dog

50mm ERGO ABS Ratchet Assembly (web dog) complete with swivel grab hooks each end.

## Technical Data

<b>Break Strength</b>	7600kg
<b>Webbing Width</b>	50mm
<b>Finish</b>	Blue Powder Coat
<b>Lashing Capacity</b>	3800kg
<b>Standard</b>	Conforms with AS/NZS 4380
<b>Pretension</b>	1600kg
<b>Weight</b>	4.185kg
<b>Length</b>	900mm
<b>Code</b>	20035D7049-3x0.9

## Features

- Controlled Release: Allowing pre-tension force to be released in small steps
- Self-locking ratchet handle: Prevents ratchet handle from subsequently jumping out, even the greatest vibrations and jolts have no effect
- Ample tension: Less than 10% stretch under full tension, meaning no un-necessary re-tensioning during operation
- Double Latch: Allows for more tension in less time
- Durable in all conditions
- Comes with Tension Force Indicator: Allows the operator to check the amount of tension force being applied to the load
- Extended handle: For greater leverage
- Reverse action ratchet: Maximises ergonomic efficiency.
- Suits 8mm chain.
